**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I don't understand why this is even a question. Do you serve taxpayers or do you serve business?

I like having options! Before Socket expanded their fiber optic network into my neighborhood, the only options for high speed internet were DSL (I tried, talk about fraudulent billing practices) and cable internet (speed was ok but prices were horrible).

I still pay for annual DSL services for relatives that are not in areas with fiber optic but I switched those individuals to Socket as well. Happy that I currently have a choice. Unfortunately my parents have no choice, they are stuck with one company and can't stream anything due to location.
